*As the plot unfolds ... Whoever said finding love was easy was lying because Layla James and her friends Reese, Chanel and Skye can't catch a break. If it's not old loves being resurrected, they're encountering exciting new conquests and forbidden one-night stands. These four Atlanta natives are finding that the quest to find Mr. Right is as treacherous as walking a tight rope. At times insightful and at times hilarious, you'll cheer their navigation of the road called Love while maintaining the enduring bond of friendship. Will they make it to the other side and find a lasting, enduring love or will their dreams go up in flames? You'll have to read the book to find out, but one thing is for sure, you won't be able to get enough of the fabulous lives and loves of these remarkable women.*

“By popular demand from my readers, I think you’ll find that I’ve offered an enchanting new storyline full of intrigue and passion for these fun-loving characters,” notes St. John.
